THE *ChiPhi* STORY

Chicago and *Philadelphia* are cities that are known for their ART, MUSIC, SPORTS, and of course, *the Food*.

TWO FRIENDS who were always very proud of their *Hometowns*, often craved their cities' respective foods. In promising to always to keep close to their *roots*, it was important for them to share this FOOD AND CULTURE with their friends.

They decided to create an establishment that would *satisfy their cravings* for these foods, while sharing their common passion with the world.

And so, *ChiPhi* was born - a rare alliance between the culture-rich cities of CHICAGO and PHILADELPHIA. The *ChiPhi* menu highlights the food that was made famous by these two cities and creates an experience unlike any other.

The *ChiPhi Promise* is to create a high standard of food and service for its loyal patrons. A fresh take on a genuinely inspired menu includes the founders' special "ChiPhi Touch".

The style plays off of *traditional* locations you would see in either of these historic cities. A *simple* menu, influenced with CITY-LINGO and coupled with quick and friendly service, creates a fun atmosphere that ALWAYS feels *Authentic* and *Fresh*.
